## Federal Lands Access Program

*Improving access to and within federal lands*

# California

**The Federal Lands Access Program (FLAP)** was established under the Moving Ahead for Progress in the 21st Century Act (MAP-21) and continued under the Fixing America's Surface Transportation Act (FAST). The program funds projects that provide access to, are adjacent to, or are located within Federal Lands that are owned or maintained by a State, County, Local Government, or Tribe. Priority will be given to projects accessing high-use Federal recreation sites or Federal economic generators. The program intends to supplement state and local resources for public roads, trails, transit systems, and other transportation facilities.
